Food Lover's Guide To Bologna Italy

07/31/2018 by [Rachelle Lucas](#) — 3 Comments

Bologna may not be as well known as some of Italy's other famous cities, but it is definitely the best place in Italy for food and one of my favorite culinary destinations. As the capitol of the Emilia Romagna region, Bologna has earned several nicknames throughout history – La Dotta (*‘the learned one’ – for its university – the oldest in the world*), La Rossa (*‘the red one’ – for the terra cotta rooftops throughout the city*) and La Grassa, or “The Fat One,” for Bologna's legendary cuisine. Bologna's perfect blend of culture, food, and history along with the fact that it's not as “touristy” as other destinations make it a popular city for food travelers looking for something more authentic and off the beaten path. If you're planning a trip to Bologna, here's a guide on where to eat, what to see, and where to stay.

WHERE TO STAY – BOLOGNA HOTELS

Hotel Corona D'oro — For a small, luxury, boutique hotel stay in the city center, but on a quiet street, I recommend Hotel Cornoa D'oro. It is located right next to the famous Caffè Terzi, a perfect place for your morning coffee. Address: | [hco.it](#)

Grand Hotel Majestic Gia Baglioni — When it comes to location, you really can't get any closer to the center of town than being on Via dell'Indipendenza. This is a bigger hotel on a main street in the city center and walking distance to just about everything you'd want to see and do. Address: Via dell'Indipendenza, 8, 40121 Bologna BO, Italy | [grandhotelmajestic.duetorrihotels.com](#)

Halldis — Live like a local and stay in an apartment in the center of town with Halldis. The best part about an apartment stay is that you can cook up some of your delicious market finds in the kitchen. Halldis has different sized apartments available, from studios to three and four bedrooms. | [Halldis.com](#)
